

**Your Journey to
Smarter, Greener
and More Efficient Mobility
Starts Here!**

Our VISION

"At AutoHost, We Envision a Future where Smart Mobility and Sustainable logistics reshape how individuals and organizations move, connect and grow.

Our platform offers seamless E-ride hosting, Eco-Logistics solutions, EV rentals for individuals and institutions and advanced equipment E-rental driving a greener tomorrow. We are committed to transforming transport, commerce and infrastructure, enabling a cleaner, smarter and carbon-free future for all."

INTRODUCTION

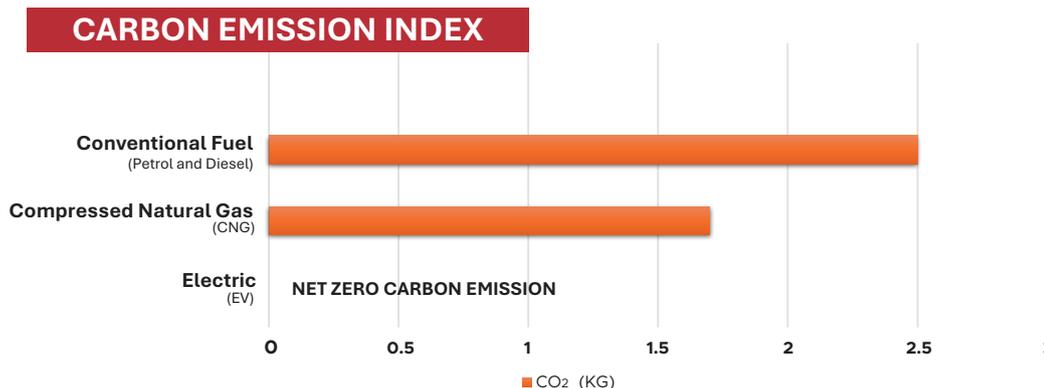

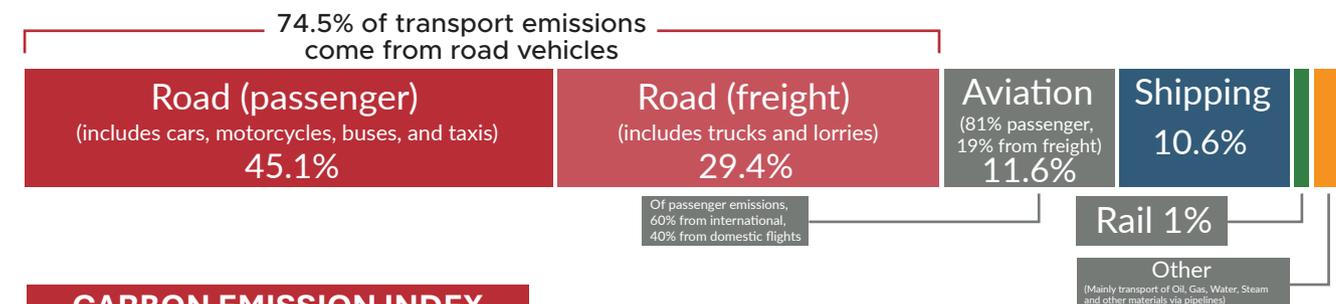

At "AUTOHOST", we blend smart electric mobility with purposeful engagement. Our platform simplifies the booking of EV transport solutions, offsite team-building experiences, leadership activities and dynamic learning journeys in sustainability, innovation and wellness.

Designed for Offices, Corporates, Institutions and Professional Communities. AutoHost prioritizes safety, convenience and environmental responsibility. More than just a booking platform, we empower professionals to align with sustainable values, promote team synergy and embrace carbon-conscious practices. By fostering EV awareness and green initiatives within workplaces, we support the shift toward a cleaner, carbon-neutral future. With AutoHost, every corporate journey becomes a step toward impact, innovation and sustainability.

Carbon Emission Insights

Global CO₂ emissions from Transport

Transport accounts for 24% of CO₂ emissions from energy.

AutoHost delivers end-to-end, safe and sustainable mobility solutions tailored for corporate teams, offsites and operational needs. Our services ensure seamless planning, secure travel and eco-conscious transport- enhancing employee convenience and supporting your sustainability goals.

We offer:

Electric Shuttle Services :

for daily employee commute, corporate offsites, industry visits and group travel.

E-Cabs (Passenger Cars) :

Dashboard & Analytics

Key Features & Benefits:

Real-Time Trip & Attendance Tracking

Instantly view shuttle movements, student check-ins and staff on duty.

1

Insights & Reports

Get detailed analytics on travel history, participation rates, fuel savings and carbon footprint.

2

Excursion & Event Scheduling

Plan, book and monitor all school outings, workshops and retreats from one place.

3

Safety & Compliance Logs

Access driver verifications, vehicle hygiene reports and emergency protocols digitally.

4

Automated Notifications

Alerts for parents, staff and admins on arrivals, delays or trip changes.

5

Custom Role-Based Access

Different dashboards for admins, coordinators and teachers for secure data handling.

6

Sustainability Metrics

Track eco-impact, green miles and student engagement in eco-conscious activities.

7

Data Security & Backup

Fully encrypted platform with automatic backups and access logs for transparency.

Ways to curb carbon emission

Corporate Social Responsibility (CSR)

We collaborate with corporates to co-create initiatives such as

| | |
|---|---|
|  <p>Green Miles for Good Sponsor zero-emission commutes for underserved schoolchildren.</p> |  <p>Women in Transport Empower women through training and employment in green mobility.</p> |
|  <p>EduRides Fund educational excursions and mobile learning labs for rural schools.</p> |  <p>Eco-Adoption Drives Support tree plantation, carbon offset programs and village greening.</p> |
|  <p>Skill & Sustainability Labs Set up hands-on STEM, solar and digital skill centers.</p> |  <p>Donate-A-Trip Campaigns Enable low-income students to join career visits, city heritage tours and wellness camps.</p> |

These initiatives offer tax-deductible CSR participation under Section 135 of the Companies Act, while making a measurable, visible difference.

End-to-End Sustainable Mobility & Engagement Solutions for Modern Workplaces

Electric Mobility Solutions

Eco-friendly shuttles, E-cabs, and On-Demand transport for daily commutes, offsites, vendor meet, client pick & drop, special events & more.

Corporate Learning & Experiential Programs

Curated activity-based learning, wellness bootcamps and skill-building offsites to inspire growth, bonding and retention.

Custom Add-Ons & Event Support

F&B, wellness kits, travel ID tags, branded merchandise, AV setup and logistics support tailored to corporate needs.

What Your Company's Mobility Shift Can Achieve :

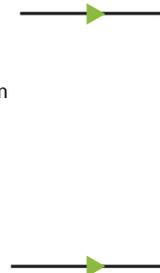

1 Electric Trip

Up to 7 kg CO₂ Saved.
(Compared to diesel-based corporate fleet over ~40 km round trip)

100 Employees Weekly

~2,800 kg CO₂ Reduced Monthly.

That's equivalent to:

120+ Trees absorbing CO₂ for a year.

Energy to power a home for 3+ months.

11,000+ km of avoided Petrol/Diesel car travel.
